

SENATORS HARDWICK AND KNOX ASSAIL LEAGUE OF NATIONS

Constitution Presented at Conference Would Contravene Monroe Doctrine

(By The Associated Press.)

WASHINGTON, March 1.—A partisan assault on the proposed constitution of the league of nations was made today in the senate, the speakers being Senator Knox of Pennsylvania, a Republican member of the foreign relations committee, and former secretary of state, and Senator Hardwick of Georgia, Democrat, who retires March 4.

The constitution of the league presented to the peace conference was sharply criticized by both senators. They declared that it would promote war and that it contravened the Monroe Doctrine, reduced American sovereignty, conflicted with the constitution and would force submission of undamental American domestic and national questions to world tribunal.

After attacking the proposed constitution article by article, Senator Knox suggested as a constructive measure, a substitute world organization—an international code of law, supplemented by treaties between the separate nations for arbitration and other agreements for the maintenance of world peace.

Both floor and galleries were crowded when the senators spoke out as a result of warnings from Vice-President Marshall there were no demonstrations by spectators.

No reply was made from the Democratic side and the only other prepared address on the league of nations before adjournment, probably will be that of Senator Sherman of Illinois, Republican, who expects to speak Monday.

Senator Knox's Speech
Senator Knox of Pennsylvania, former secretary of state, speaking today in the senate assailed the league of nations as striking down American constitutional principles and proposed a new world organization, which he said, would preserve the Monroe Doctrine and save America from the results of European intrigue and aggression.

Senator Knox who attended the white house dinner conference last Wednesday with other members of the senate foreign relations committee said the constitution of the league as presented "sanctions, breeds and commands war" and after criticizing various clauses of the document, asked: "Why this feverish anxiety for the adoption of this plan? Why this racing up and down the land by propagandists urging its adoption? What benefit is to come from such a sale of the country as is urged upon us? Who are the beneficiaries of this betrayal of our people?"

The Pennsylvania senator said that if the people of the United States desired what he termed a real league of nations to prevent war and "not merely build a coalition to further trade or preserve and expend territorial possessions," it might be secured through the formation of an international organization comprising all of the nations of the world.

Would Not Stop War.
Senator Knox said the constitution of such an international coalition should primarily declare war an international crime and stipulate that any nation engaging in it except in self-defense be punished as an international criminal. He also suggested that the constitution provide that international disputes be decided by an international court according to an international code defining war, that no nation could summon another before the court unless the subject matter discussion was of common concern to the contending nations and that jurisdiction of the court not extend to matters of governmental policy.

Under such a code, Senator Knox declared, America would not be called upon to arbitrate "the doctrine, our conservation policy, policy involved in the Monroe our immigration policy; our right to expel aliens; our right to repel invasion and to maintain military and naval establishments; our right to make necessary fortifications of the Panama canal or on our frontiers and our right to discriminate between natives and foreigners in respect to rights of property and citizenship."

Suggestions Made.
Among other suggestions for the constitution, Senator Knox said it should provide that the countries of the two hemispheres be called upon to enforce decrees of the international court only in their respective hemispheres.

A league framed on these broad lines, he continued, "would carry with it a minimum loss of our sovereignty, would relieve us from participation in the broils of Europe; would preserve the Monroe Doctrine and would save America from the results of European intrigue and aggression."

In opening his address, Senator Knox said he wished it understood he had not secured negative conclusions in regard to the constitution of the proposed league through unfriendliness or bias. He said he was against war even to the extent of seeing the United States make the utmost sacrifices possible, but that he wanted to feel sure that when the offering of the United States had been placed upon the altar and burned this country should have measurably and proportionately advanced the cause of human liberty and happiness.

Referring to the proposed constitution to the league of nations, Senator Knox first criticized it for "looseness of expression" which he said characterized it throughout and then because it appeared to set up two operating entities for its enforcement, the "high contracting parties" and the league itself. In this connection Senator Knox said the importance of this became apparent, when it was observed that "the high contracting parties," did not comprise every member state in the league and that therefore the "burden assumed by the high contracting parties, whoever they may be, possibly the 'big five' is crushing in its weight."

Must Take in Central Powers.
The senator warned especially against leaving the central powers out of the league, saying the inevitable result would be "to drive them more closely together for mutual self-protection, thus making the formation of a second league of nations bidding for adherence from neutral states almost a certainty."

"Thus, at no distant date," he continued, "we should have two great leagues of nations and two great camps each preparing for a new and greater life and death struggle."

"Even the term League of Nations is a deceptive misnomer," Mr. Knox declared, "for under this proposed plan the nations of the world are divided into three classes:

"First, signatories of the covenant; these are not named, but it is assumed they will include and possibly be confined to the five great entente powers, that is to say, the British Empire, France, Italy, Japan, and the United States."

"Second, States not signatory, but named in the protocol. No information is given as to who these states are, though surely they will include such entente powers, if any, as are not signatories as well as certain other states neutral in the conflict now closing; and,

"Third, those states which are neither signatories nor protocol states and which must be admitted to the league be prepared to give certain effective guarantees as to their intention to be bound by their international obligations. These latter are outcast states and presumably include the central powers and their allies in the war."

"Thus a league of nations in the sense of all the nations is not created by this document, nor are the states members of the league treated as equals."

"The term league is a misnomer in another and really vital matter, for a league connotes a confederation and a confederation implies a right in the several parties to withdraw at their will. But there is no right of secession within the four corners of this covenant. On the other hand, the association here provided for is a union in the full sense of that term as applied to our own political institutions. Once in this union and we remain there no matter how onerous its gigantic burdens may become."

"No matter how great the distaste and revulsion our people may have for it, we must remain members until either we persuade all the states represented in the executive council and three-fourths of those represented in the body of delegates to bid us depart in peace or until the league crumbles of its own weight or is destroyed by its enemies or until we fight our way out against the British Empire, France, Italy, Japan and all the lesser states which are able to persuade to join the league."

Senator Knox took up the six operative bodies of the league and criticized them one by one.

As to the bodies of delegates Senator Knox's chief criticism was that the constitution contained no provision for their appointment, removal, compensation or tenure.

The Executive Council.
Senator Knox objected to the formation of the executive council because it would be composed of only nine of half a hundred states and practically would be given the power to declare war, make its own laws, sit as a court and pass judgment and then determine the means of enforcing its judgments.

Demobilization of U. S. Troops Now 1,301,959

(By The Associated Press.)

WASHINGTON, March 1.—Demobilization of the American army had reached up to yesterday 1,301,959 officers and men. General March announced today. Of the total 77,542 were officers. Demobilization orders now have reached a total of 1,571,000.

Revised figures on the movement of American troops to France, made public by Gen. March, showed that up to Nov. 11, 1918, a total of 2,561,223 men had been carried, of whom 1,047,874 were carried in British ships. On the return movement up to Feb. 28, 352,922 men had been embarked from France and of these British ships were available for only 75,744, or 21 per cent compared with more than fifty per cent on the movement across.

Gen. March cited these figures as one reason for the slower return of troops, the British ships being employed at this time in repatriating British troops. Up to Feb. 20, General March said 234,919 men actually had landed in this country from France.

Applications from officers or commissions in the reserve now total 21,324. There are five colonels, 14 lieutenant colonels and 378 majors included in this total. Applications for commissions in the regular establishment have been filed by 12,005 men.

3,918 DISTINGUISHED CROSSES AWARDED

WASHINGTON, March 1.—Of the total of 3,918 Distinguished Service Crosses awarded for gallantry in action to American soldiers, General March announced today 664, or more than double the number given to any other division went to the Second Regulars. The First division of regulars came next with 300 crosses awarded to its members. The Third regulars with 233 was third.

The 266th (New England national guard), the fourth in the list with 229 awards, led all national guard and national army divisions. The 42nd (Rainbow) came next with 205 and then the 30th with 177. The 27th division (New York national guard) now on the high seas returning home received 137. The 77th, (also a New York division) received 146.

ALL EYES ARE ON AMERICA

PARIS, March 1.—Speaking to the British correspondents tonight, Arthur J. Balfour, British secretary for foreign affairs said: "By the end of March we shall at least be in sight of a preliminary peace, which will be the greatest stride towards universal peace. As a representative of the British government I am in a position to say that what is going on in America at this moment is more than important for the success of a general peace than what is being done in Paris today."

Mr. Balfour added that the league of nations would not attain its fullest fruit unless the United States took an even share in the great tasks after the peace.

U. S. WILL TAKE OVER GERMAN TONNAGE

WASHINGTON, March 1.—Release in the next forty days of 500,000 tonnage by the war department to the shipping board as a means of relieving the commercial shipping situation, providing the board assumes certain contracts for the transportation of materials to Europe, was agreed upon at a conference today between Secretary Baker, Chairman Hurley of the shipping board and senators from the cotton states.

BRITISH ARMY STILL NUMBERS 2,500,000

London, March 1.—The British army at home and abroad exclusive of the force in India, now numbers 2,500,000 men and is being reduced to 952,000 according to a white paper issued by the government today.

labor he asked whether it was the intent to put labor of all countries upon an equality.

"If this be the intent, labor of this country may consider in as much as France already has given notice it will be impossible to put French labor on an equality with American, whether it is proposed to bring American labor to the level of French labor, in order that there may be equitable treatment of the commerce of the two countries."

Other Articles Assailed.
Senator Knox assailed many of the other articles, adding that to his mind they held out assurance of future world war, greater than any bore.

"In this alleged instrument of peace," Senator Knox asserted, "war is legalized in seven cases and made compulsory in three."

Senator Knox said the provisions of the proposed league took away the rights of congress to declare war, to raise armies and support a navy, and he declared that with war legalized by the league "this may spell overwhelming disaster."

"Pause and consider that it is proposed," said Senator Knox, "to take from the social organism not alone the right but the power of self-defense. We shall stand not only naked, but bound and helpless."

FOCH PRESENTS MILITARY TERMS FOR PEACE TREATY

Provide for Disarmament of Germany. Down to 200,000

(By The Associated Press.)

PARIS, March 1.—(By the Associated Press.)—Marshal Foch presented today to the council of the great powers the military terms to be incorporated in the peace treaty. These will be considered Monday with the naval terms already submitted to the council. The military terms provide for the disarmament of Germany down to twenty divisions of ten thousand men each, including fifteen division of infantry and five of cavalry. Severe restrictions are placed on the manufacture of all classes of war materials, and the military and commercial use of the airplane is limited to the minimum.

Beyond Marshal Foch's presentation of the terms today they were not discussed. The naval terms now before the council provide not only for the complete suppression of Germany's submarine equipment, but also for the termination of all submarine warfare by all nations throughout the world, thus ending the use of the submarine in naval warfare.

The provision for dismantling the fortifications of Heligoland and Kiel canal has been made the subject of reservation by Admiral Benson representing the United States whereby this shall not be a precedent applicable to American canal and harbor defenses, such as Hellgate, Cape Cod canal and others.

The proposal for the destruction of the large German warships is approved in the report by the British and American naval authorities but the French still make reservations against the destruction of these ships. The supreme council is expected to pass on this and other naval and military subjects on Monday.

Take Up Finances

The council of the great powers today began consideration of financial and economic problems both as affecting the treaty of peace and permanent conditions hereafter the war. This subject is taken up after weeks given to hearings on territorial questions.

The subject was presented today in two specific reports. One was from the financial commission of which Louis Klotz, French minister of finance is chairman and Albert Strauss and Norman Davis are the American members. The other report was from the economic commission of which Albert Clemente of France is chairman and Bernard M. Baruch, Vance McCormick and Dr. A. A. Davis, the American members.

The financial commission's report was brief giving the main points of the vast financial organization that is required. It called for embracing reparations and indemnities for the war as those subjects are being considered separately. Most of the headings were presented without recommendations which are left to the council and the plenary conference.

One of the main headings concerns war debts and debts made before the war in enemy countries and whether they are to be paid or repudiated and, if paid the manner and priority of payments. Another heading deals with state property in territory taken over, such as state mines and state railways.

DISCOVER EXTENSIVE SPYING ORGANIZATION

PARIS, March 1.—Czechoslovak officers at Prague, according to a dispatch to the Havas Agency from the city, have discovered an extensive spying organization, the center of which was the former German consulate at Prague, which had continued its activities under the guise of a charitable institution.

At the frontier station of Lodz, a courier of the foreign office at Berlin had been detained after being caught in the act of attempting to throw away a parcel of documents addressed to Dr. Schwarz, the German vice consul at Prague, containing anti-Czech propaganda.

This propaganda was to be used in the provincial newspapers of German-Austria to stir up the German population against the Czechoslovak state.

GUEST FROM WHITE HALL.

A number of White Hall young people who were here to attend the basketball tournament were dinner guests Saturday of Miss Wilma Williamson at her home on West College avenue. The company included Misses Eloise Strange, Ruby Seely, Mida Brown, Messrs. Lee Griswold, Russell Roadhouse, Lyndell Rose and Wilis Pinkerton.

CONCORD MEETING

Attention is again called to the good roads meeting to be held at the M. P. church in Concord, Monday night at 8 o'clock. The road is to be dropped by way of Chapin and it is hoped that several automobile loads of good roads enthusiasts will go from Jacksonville.

Over 7,000,000 Lives Lost During Great World War

(By The Associated Press.)

WASHINGTON, March 1.—Battle deaths during the war among all participants so far as available statistics show, were given today by General March as 7,354,000. This represents only men killed in action or died of wounds.

In the list prepared by the general staff, Russia led with a total of 1,700,000; Germany was second with 1,600,000 and the United States last with 50,000. Approximate figures for other nations were: France 1,385,000; England, 800,000; Italy, 460,000; Turkey, 400,000; Belgium, 102,000; Rumania, 100,000; Serbia and Montenegro, 100,000.

BULLETINS

MADRID, March 1.—Madrid took on its normal aspect today. The shops were opened and business resumed.

WASHINGTON, March 1.—The battleship Nebraska the Hospital Ship Mercy and several transports are on the way home from France with about 10,000 troops. All are expected to reach port before March 14.

PARIS, March 1.—(Havas)—Five peace conference commissions held sessions today, the commissions were those on Polish, Belgian and Greek affairs, reparation and the international regime of ports, waterways and railways.

WASHINGTON, March 1.—The oil and coal land leasing bill virtually was killed late today when construction led by Senator LaFollette of Wisconsin, Republican, prevented a vote on the conference report which had been adopted by the house. Managers and opponents of the bill agreed that there now is practically no chance of securing action on the bill before congress adjourns.

PARIS, March 1.—(By the Associated Press.)—A forty per cent diminution in the cost of living in France within a month is expected by the food ministry as the result of measures recently taken with regard to the purchase, importation and distribution of foodstuffs. M. Vilgrain, under secretary of state for food told the Associated Press today.

BERLIN, March 1.—General Maercker, commander of the troops guarding the national assembly at Weimar was attacked by a mob in Erfurt today and robbed of a portfolio containing important documents bearing on the plans of the government for dealing with the strike situation in central Germany.

WASHINGTON, March 1.—General Pershing reported to the war department today that 70,000 more officers and men in France had enrolled for educational courses directed by American and French authorities. This brings the total number of soldier students to 170,000.

FOUR MEN ARE KILLED BY EXPLOSION

FRANKLIN, Mass., March 1.—The body of one of the four men killed in an explosion near the Ray Mill of the American Woolen Company here last night was identified today as that of James Pargin, who, the police said was an agent of the I. W. W.

Felipe Bichellis, Antonio Capello and Phillip Zalente were arrested in connection with the explosion and will be given a hearing before a federal commissioner in Boston Monday. All three live in the house in which the four men killed had rooms.

Department of justice agents said that documents found in the house occupied by the men indicated that an I. W. W. chapter was being organized here.

At the conclusion an investigation of the explosion which claimed about twenty houses, Chief of Police Knowlton said he was convinced the explosion occurred when one of the men who was carrying dynamite to the mill stumbled in the darkness.

ALIGHTS FROM STREET CAR; HIT BY AUTO

Springfield, Ill., March 1.—Mrs. Margaret March, widow of the late William March, a Washash engineer, was struck by an automobile while alighting from a street car here tonight. She received a broken leg and is believed to be suffering from internal injuries.

Mrs. March is an aunt of the two Allen girls who were killed in an automobile accident west of Jacksonville about two years ago. The car in which the girls were riding belonged to William Groves.

WILSON REFUSES IRISH DELEGATES AN INTERVIEW

Win Fight for Action By House Rules Committee

(By The Associated Press.)

WASHINGTON, March 1.—The delegation of prominent American citizens of Irish descent appointed at the recent Irish race convention in Philadelphia won its fight today for action by the house rules committee to give right of way in congress to a resolution instructing American delegates at Paris to urge Ireland's cause before the peace conference.

After hearing the delegation which was headed by Justice John W. Goff, and Daniel F. Cohalan of New York, the rules committee agreed to report out a rule making the resolution in order in the house before adjournment. Later the delegation which arrived in Washington Tuesday called at the white house to see President Wilson and personally present to him resolutions and memorials adopted at the Philadelphia convention. They failed to see the President but were told that he would receive them in New York next Tuesday night after he speaks at the Metropolitan Opera House on the League of Nations.

Statement Given Out.

John P. Grace, former mayor of Charleston, S. C., and a member of the delegation gave out a statement saying: "All during the war it was presumed that among the small nations America was fighting to establish in security was surely Ireland, to which they owed more in the fateful hours of the Revolution than all other foreign powers combined; but when the committee from the Philadelphia convention got to Washington it met with a strong series of forbidding difficulties. Twenty one men from as far west as the Pacific Coast and from New England and the south solemnly left their important affairs and arrived in Washington, Tuesday according as they supposed to an appointment at the white house on Wednesday. They have not seen the president yet. They had great difficulty even in seeing his secretary. Word had come to them thru many supposedly authentic channels that they would be seen at this hour or that hour, or on this day or on that day. At last the committee in indignation made up its mind that dignity, if nothing else required a show down; either the president, thru his buffers, was striving with the time and the rights of American citizens or some one was failing properly to put the matter before him. What ever was happening, days were passing and he was about to sail for Europe, with the case of Ireland absolutely untouched."

"Meantime the press carried reports that, at the white house dinner he had excluded Ireland from the program. This was speedily denied by Mr. Tumulty but at once reaffirmed openly on the floor of the senate.

"The committee went to the white house at 12:30 today. Received by Mr. Tumulty, it was told that the president was a very busy man. Judge Goff said that of course he knew this, but this was a tremendous issue to those interested. He said he had been pressing the matter to the president's attention and expected to hear from him almost any moment. Judge Goff said that we could wait no longer but that, as a matter of courtesy the committee would return at 3 o'clock for a definite answer."

Letter to President.

The committee from the Irish race convention had finally solved it, in the end they were not received at the white house they would present the following letter to the president signed by every member:

"To the President:
"During the week we have sought thru the usual formal channels of communication to arrange with you an interview to present the resolutions adopted by the Irish race convention at Philadelphia on February 22 and 23.

"That convention was composed of 5,132 delegates representing all sections of the United States. We invite your earnest consideration these resolutions and in view of your declaration that all peoples are entitled to determine for themselves the form of government under which they shall live and that our country entered the war in reliance upon and convinced of the truth of these declarations which we ask you to secure for Ireland the recognition which you have won for the other smaller nationalities."

"We firmly believe there can be no just or permanent peace for the world until the blessings of liberty are secured to Ireland, this oldest among all the hitherto submerged nations. With greatest respect, we remain,

"Very Truly Yours,

"John W. Goff, Chairman, New York."
E. F. Dunne, former governor of Illinois was a signer.

Leaders Plan to Push Suffrage Bill Thru Senate

(By The Associated Press.)

WASHINGTON, March 1.—Favorable reports on the compromise resolution for submission of an equal franchise constitutional amendment to the states were ordered today by both the senate and house woman suffrage committee but when Chairman Jones sought to present the senate committee's report tonight Senator Wadsworth of New York Republican objected and the report remained with the committee.

While conceding that a filibuster or congestion of legislation in the senate might prevent consideration of the resolution at this session, advocates of the measure expressed confidence that it would be adopted before adjournment. Senator Jones said tonight that, however, no plans looking to the consideration of the resolution has been made. The senator explained that all plans were being held in abeyance until pairs could be arranged for absent senators and some agreement reached with administration leaders regarding a time for calling it up.

Senator Gay, of Louisiana announced today that he would vote for the compromise resolution and advocates of the measure said his vote would give them the necessary two thirds majority.

REPUBLICANS CATCH DEMOCRATS ASLEEP

WASHINGTON, March 1.—Republicans of the house found themselves in the majority late tonight and after a bitter debate, by a strict party vote of 182 to 173, unseated Representative Zebulon Weaver, Democrat of the tenth North Carolina district in favor of James J. Britt, Republican. There was much parliamentary maneuvering by the Democrats to prevent a final vote on the contest, but they lost. Britt will hold seat only two days, but the victory gives him salary and allowances for the full term. The contest was over the 1916 election. Weaver was elected to succeed himself last fall.

Mr. Britt was in the house chamber during the debate and subsequent voting and was immediately sworn in by Speaker Clegg in the 1914 election Mr. Britt on the face of the returns was elected by a majority of seven, but on an official recount Mr. Weaver was declared elected. In that election Mr. Britt was running for re-election.

FIFTY MEXICAN SOLDIERS KILLED

JUAREZ, March 1.—Fifty Mexican soldiers were killed and their bodies burned in the Mocizuma garrison Tuesday morning by Francisco Villa's troops in command of Villa and Martin Lopez. A refugee arrived here tonight from Mocizuma who was made a prisoner by Villa's men and forced to pay 5,000 pesos ransom for his release. He gave the first details of the raid on the little railroad town early Tuesday. He said Villa remained outside of the town until Lopez and command of 1,000 men charged the garrison killing all but twenty of the military federal soldiers who were asleep in the barracks. The building was then set on fire and the bodies of the soldiers cremated.

After burning the barracks and the railroad station Lopez' men robbed all of the civilians of their money, clothing and food which he carried off to the hills.

TURN SHIPS BACK TO PRIVATE OWNERS

WASHINGTON, March 1.—Ships of the Merchants and Miners Transportation company engaged in Atlantic Coast-wise traffic tonight were turned back to private management by the railroad administration. Officials of the company accepted the relinquishment which heretofore they have protested.

It is understood here that the company will continue operation of the ships altho it was said an announcement concerning the future policy would be forthcoming from the company's headquarters in Baltimore soon.

STRIKE SETTLED.

New York, March 1.—Settlement of the strike of 15,000 shoe workers in this city, has been effected and the men will resume work Monday, it was announced by a joint committee of manufacturers and union officials after a conference today.

It is understood that the manufacturers granted the workers' demands for an eight hour day and that their plea for a 40 per cent wage increase will be considered at another conference next week.

DANISH CABINET RESIGNS

London, March 1.—The Danish cabinet resigned today as the result of the political situation in Denmark, according to a wireless message received here from Copenhagen. A message adds that it is believed that the Social Democrats will try to abolish the landsting, or senate.

The premier of Denmark has been C. T. Zahle. The leader of the Social Democrats in Denmark is J. A. M. Stauning.

EFFORTS TO PASS "VICTORY LOAN" BILL BLOCKED

Senate In All Night Session Debating Measure

(By The Associated Press.)

WASHINGTON, March 1.—Senator LaFollette was still speaking at 3:25 o'clock this morning.

WASHINGTON, March 2.—Efforts of Democratic leaders in the senate to pass the "Victory Loan" bill were temporarily blocked this (Sunday) morning by Senator LaFollette, Republican, who at 2:30 o'clock was in the midst of a lengthy address. The Wisconsin senator, however, disclaimed any attempt to filibuster against the measure.

Senator Sherman of Illinois said he planned to follow Senator LaFollette with "considerable remarks" on the bill and it was said that Senator France of Maryland, Republican also expected to speak. An unofficial poll of the senate was said to disclose only four senators in favor of a filibuster against the loan measure.

Senator LaFollette began an address on the loan bill advocating an amendment to prevent coercion in the sale of the securities. He planned to speak about one hour.

The Wisconsin senator declared the loan bill to be unconstitutional as it would take from congress the power to fix rates of interest on government loans and would place the authority in the secretary of the treasury. Congress, he said, would be setting an unwise precedent in enacting a measure placing such authority in a department head in contravention of the constitution.

Financial Condition.

Discussing the financial condition of the country, Senator Snoot said the government was behind four months in its payments to the railroads and that creditors of the roads were "carrying them" for millions of dollars because the accounts were not paid.

Announcement that he would vote against the bill was made by Senator Penrose of Pennsylvania. Republican who declared it was being forced thru "at the point of the bayonet."

Referring to a newspaper article which said that President Wilson had urged enactment at this session of a bill prepared at his request by the state department and introduced in the house to appropriate \$5,000,000 to meet the expenses of his European trip, Senator Penrose asked Democratic leader Martin if it was planned to pass it before adjournment.

"No," communitarian committee of the appropriation committee regarding the bill, replied Senator Martin. "I know nothing about it except what I see in the public press."

Defeat Filibuster Motion.
A motion of Senator France of Maryland to filibuster against the loan bill was defeated, 15 to 12. It was stated, with many of the senators refraining from voting. Several senators including LaFollette, of Wisconsin and Norris of Nebraska did not attend.

Senator Sherman of Illinois left the room in the midst of the conference and told newspapermen he had given notice that because of the evident disposition "not to force an extra-session and call the presidents' bluff" he was disposed not to return to Washington after March 4.

Other Republicans declared they would not be a party to any obstructive tactics,

In a recent conversation Edgar E. Crabtree, who is a candidate for nomination for mayor of the city of Jacksonville, said: "I do not want any man or woman to vote for me who does not believe in my integrity, or who does not believe that if elected, I will try to conduct city affairs with the help of the council, in a quiet, business-like way, the same way in which I attempt to run my private business affairs."

That is a worth while platform for the consideration of anybody who knows Mr. Crabtree's ways, methods and spirit, and nearly everybody in Jacksonville knows them.

President Wilson is to sail for France again next Wednesday. Newspaper dispatches from Washington have given the facts but not under great headlines. His going now attracts nothing like the sum total of public interest which attended the first journey abroad. Thus easily are precedents broken.

FREE FROM INCOME TAX.

Now is the time for churches and philanthropic organizations to "make hay" in securing contributions for needed funds. The revenue department has sent out a special notice that such contributions may be deducted when the taxpayer is making out his report. This is a fine argument for those who are soliciting church support.

IT'S THE BIG QUESTION.

After all, illiteracy is just about

the biggest question before the American people. Senator Kenyon has impressed this fact in his statement that there are 8,500,000 people in the U. S. who cannot read, write or spell. The senator well says that a great fund should be supplied for correcting this condition. He has pointed out, too, the significant fact that while millions are appropriated for agricultural development that the records show that there are three and a half million persons engaged in agriculture who are classed with the illiterates mentioned before.

LOOKS BRIGHT FOR LOWDEN.

Secretary of State L. L. Emerson and State Auditor Andrew Russell have been down to Washington looking over the "lay of the land" in the Lowden presidential candidacy. It is the opinion of these men, outlined in a special to the Chicago Tribune from Washington, that Gov. Lowden has a splendid chance, with no other candidate overshadowing him. The governor's recent invitations to Boston and to other cities in the east indicate that some of the leaders there wanted to "look him over." Here in the west there is no trouble about his standing and the record of his administration thus far is certainly one to recommend him for higher honors.

ST. LOUIS HAS RIGHT AFTER-WAR SPIRIT.

It is not often that Chicago is willing to concede any superiority to St. Louis, but just now the smaller city has the credit of proposing \$93,000,000 of expenditures in reconstruction work, while Chicago is wrangling over plans for expending half that amount. St. Louis leaders are asking the Missouri legislature for certain law changes which will make a big city building program the more feasible.

TOO SENSITIVE ABOUT CRITICISM.

Senator Lodge in his address on the peace league plan has the ear of the nation in a way which has not been accorded to some of his colleagues. Altho the senator keeps the interests of the people uppermost, he has a national reputation for brilliancy of mind and the breadth of his statesmanship. His attack on the league is wholly above personalities and the careful reader of his address is bound to see the underlying thoughtfulness and that the Lodge suggestions merit careful weighing.

One of the greatest weaknesses of the peace league advocates is that opposition or criticism immediately arouses ire. They seem to want the peace league plan immediately advocated and adopted because President Wilson rec-

ommended it and are unwilling to permit any further investigation or weighing of the facts.

DOLLAR A YEAR MEN.

The "no pay" plan for men in public service has had a fine explanation during the war period. Down in Washington there were dozens of men in the employ of the government who served at "a dollar a year." See McAdoo as director general of railroads drew a dollar a year salary. A veritable army of Red Cross and Liberty Loan workers have followed the same plan and hundreds of men in the Knights of Columbus war work did likewise. These men believed that the emergency warranted the sacrifice on their part. In a city with a floating debt of \$125,000, which includes more than \$40,000 back pay due employees; with a yearly tax return of about \$55,000 doesn't an emergency exist?

AN OFF YEAR ELECTION.

The election yesterday proved again that it is very difficult to arouse much enthusiasm in an "off" year. As a result only 2619 votes were cast in the whole county and Mr. Wyatt, the successful candidate, is chosen member of the county board by a total of 1395 votes. The new member of the board is a greatly respected citizen of Franklin precinct. He has made a success of his own business, and is a man of unquestioned integrity. Aside from this, Mr. Wyatt had the advantage of the fact that many believe it is well to have both sides represented in the county board. Mr. Thompson, although well qualified for the office had this handicap.

Misses Catherine and Frances Connolly of Murrayville were city visitors yesterday.

Rippling Rhymes

By Walt Mason

The Listener.

When I begin a story tale, too long and fierce to mention, Jim Bogs was never known to fail to give profound attention. His soulful eyes are fixed on me, his ears are forward slanted, and all the time he looks to me like one who is enchanted. And when my weary tale is done, that most attentive feller remarks, "Pray, tell another one! You're sure a story teller!" In this sad world most people sleep when one unwinds a story, or else they wring their hands and weep, and save the yarn is heavy. But Jim, he listens to a tale, and greets the joke with laughter; his mirth is like a mighty gale that shakes the beam and rafter. And so I stand up for James as thru the town I'm straying, and I endorse whatever games he happens to be playing. And he has booseers by the cord, who to his standard rally, in every street and alley. And when he runs for county clerk, for sheriff or surveyor, his loyal friends get in their work, and every one's a stayer. The man who listens wisely well is never by friends forsaken; and when he shoots he rings the bell and carries home the bacon.

M'KENDREE WON FROM ILLINOIS

Harmon's five defeated by Score of 37 to 16—Dolley Whole Show for McKendree.

Coach Harmon's Illinois College five lost to McKendree college at Lebanon Saturday night, the final score being 37 to 16. Early in the year McKendree and Illinois played a close game but evidently McKendree has improved as Dolley forward made more than enough points to defeat Illinois. The Score:

A VETERAN STONE CUTTER.

It may not be generally known to the readers of the Journal that R. C. Smith, whose talents as a painter and sculptor are of a superior order as is abundantly witnessed by many evidences of his skill, had a brother, William M. Smith, who was a stone cutter of good ability. Some of the work about the army hall steps is from his chisel, while Sturtevant Hall tone work and some of the same work about the Woman's College old building was by him.

He was a judge of stone and when Dr. Sturtevant expressed fears regarding the durability of the softer sandstone Mr. Smith remarked that it would last far longer than the limestone and so it proved. The gentleman died in the fall of 1861.

FUNERAL NOTICE

Brief funeral services in memory of Mrs. Louise Sevier will be held at the county jail building, the home of Sheriff and Mrs. W. H. Weatherford, this morning at 9 o'clock. Afterward the remains will be conveyed to Franklin, where a further service will be held at the cemetery. The services here will be in charge of Rev. W. R. Leslie, pastor of Centenary church, and Rev. Mr. Miller, pastor of the Methodist church of Franklin, will be in charge there.

ILLUSTRATED ADDRESS
At 6:30 o'clock this evening the combined Young People's societies of the Congregational church will meet at the church for a stereopticon lecture on the theme, "American Missions." It is hoped that there will be a large attendance at this feature of the day's services.

"The Great Love"

Scott's Theatre

Monday and Tues., March 3 & 4.

One of the "Big Five" of Griffith's greatest pictures:

"BIRTH OF A NATION."
"INTOLERANCE."
"HEARTS OF THE WORLD."
"GREAT LOVE."
"THE GREATEST THING ON EARTH."

Biggest Bargain ever offered in Jacksonville
\$2.00 picture for 15c and 20c

"The Great Love" is a story of women in war-time, played by an astounding cast that includes Britain's Dowager Queen. It bares the very souls of women in war-time.

D. W. Griffith spent eighteen months on the war-torn fields of France securing scenes of a magnitude hitherto unknown to the motion picture art. Coming back to California he spent another six months completing the story.

The result of his labor is as big as a circus, as intimate as a doughboy's letter to his sweetheart, as wonderful

as a sunrise on the Japan Sea, as beautiful as a baby's laugh.

Mr. Griffith's "The Birth of a Nation," "Hearts of the World," and "Great Love" are on a par.

You know what "a D. W. Griffith production" means.

In order to get the mighty message of "The Great Love" to all of America, Mr. Griffith is presenting this, his newest achievement, in the motion picture theatres first. He wants all Americans to see what their allied sisters have done to help win the war, that we may be inspired to even greater deeds.

For that reason we are not going to ask you \$2.00, \$1.50, \$1.00 or 50c that you usually pay to see a D. W. Griffith picture; we are going to show it at 15c in the afternoon; after 6 p. m. all seats 20c. These prices include your war tax.

All who can come in the afternoon do so and avoid the crowd at night.

MR. ALEXANDER TALKS ABOUT HIS PLATFORM

As I am a candidate for the nomination, on the Republican ticket, for the office of Mayor of the City of Jacksonville, it is proper that I should state what my platform is or policies are, so the public may be advised as to the things that I would stand for, and would do if elected. I therefore make the following statement to the people of the city of Jacksonville of the things that I would favor and will attempt to carry into effect, if elected.

First—I favor an enlargement and extension of the water system of the city of Jacksonville and the procurement of an adequate supply of good water for the city, and if elected, shall do all in my power to bring about such a water system being operated for the use of the city.

Second—I favor doing the city's business on a cash basis in paying the city employees, in paper, that will not be subject to discount and I shall endeavor, if elected to the office, to place the city of Jacksonville on a cash basis.

Third—I favor municipal ownership of the city's lighting system and the extension of the city's light system as the financial condition of the city will permit.

Fourth—I believe in clean streets well lighted and shall use the funds available so that the streets may be kept in a clean and sanitary condition, and I object to the pavements being torn up and left open for a considerable period of time and to the obstruction of traffic and use of the streets either by private parties or public utilities; and when it is necessary that such opening should be made in pavements, I shall endeavor to have the obstructions removed as soon as possible. I will give due regard to the wishes of those having a majority of frontage in street paving matters.

Fifth—I believe "the laborer is worthy of his hire," and I believe the city officials should be paid a moderate salary commensurate with the services performed, and the financial condition of the city.

The office of Mayor should be no "side line" while we keep our hands by devotion to private affairs. That was the reason Commission Government in our city was overturned. The remedy for city conditions does not lie in "no salary, no politics" propaganda. The voters are willing to pay fairly for what they get, if they can get what they pay for.

Sixth—I believe in industry, in city officials as in private affairs; in "doing things," and I shall "do things" if I am nominated and elected, and shall not be the instrument of any faction or interest. I do not want to be mayor so that I may favor my friends, or punish enemies; I simply want to be mayor so that I may assist the city of Jacksonville to better its financial and physical condition, and if elected I will endeavor to attain that object for the public benefit.

If the citizens of Jacksonville, think that I can do these things, as well or better than other candidates, I will be glad to have them vote for me—I feel confident that I will be able to do these things.

I have spent the better part of my life in Jacksonville. When away, no other place seemed home to me. I have that feeling toward Jacksonville and the people of the city that called me back. I have my home and my investments here. I have come "home" to spend my days and I want to help the city and its people to better things. I have had experience and feel that I can be of use. The officials of this city should not be a "class"; "class" rule has no place in America; let us truly make democracy fit for the world and let every citizen rich or poor, black or white, receive due consideration.

MEN We are going to have water—clear, pure, sparkling water, and plenty of it—if, "we don't weaken." We won't! This is one time the "water proposition" goes through!

THE AMOUNT necessary is nearly all subscribed. Every resident should get in on it, and back of it, if only for one dollar. It's not a "give me" idea at all. It's a safe investment. You'll draw GOOD interest in money, and BIG interest in contentment because of a bigger, better, live, thriving city. Now.

ALL TOGETHER Let's not leave a stone unturned. Let's finish this "water proposition" once and for all. If we fail now we ought to abandon our aspirations city-ward and be content to be a little back number village.

SOME TIRE "DOPE"

As tires are a big item of expense on your car, let's consider the proper tire to buy.

The tire that gives you the most miles per dollar is the one you want. Did you say, "What kind is that?" Well, it depends on a lot of things.

Presuming that your car wheels are properly lined up, your brakes equalized, that you keep your tires well inflated, and a few other things too numerous to mention, it will depend on the number of miles you drive per year. You will get better service for less money if you can WEAR your tires out instead of letting them ROT out.

Cheap tires are dear at any price, but a good tire is not always the best.

One of the largest tire factories in the world makes fine tires, priced as follows: Size of tire, 32x4, \$30.85, \$32.40, \$37.55, \$40.80 and \$55.15. No. 1 is a plain tread, No. 2 is the same tire with non-skid tread, Nos. 3, 4, 5 are all different in material and construction.

It is the opinion of tire experts that other things being equal, if you drive LESS than 5000 miles per year Nos. 1 and 2 would be the best buy; up to 6000 miles, No. 3; 7000, No. 4; over 7000, No. 5.

How about the guarantee? Listen, my friends, the very best tire makers in the world DO NOT guarantee their tires for any certain number of miles. Why should they? Does your shoe dealer guarantee the number of miles your shoes will stand before they wear out? They do guarantee them against defective material and workmanship and do make replacements, but their guarantee reads: "When tires are replaced by us, charges will be made to owners at the time new tires are delivered for such amounts as in our judgment will compensate for the service rendered by such replaced tires."

Yours truly, JACK.

You Can Succeed With a Successful Incubator

The successful Incubator years ago passed the experimental stage. Today it is offered to the public 100 per cent perfect. In its construction the principle of incubation has been worked out to an absolute certainty.

It is impossible to fall short of satisfactory results with a Successful, if instructions which accompany each incubator are closely followed.

We make this statement not upon our own responsibility, but by the authority of the manufacturers. Mr. J. S. Gilcrest, president of the Des Moines Incubator Co., says: "I guarantee that the Successful Incubator will hatch larger, stronger chicks and a larger percentage than any other incubator when operating under the same conditions."

Before you purchase an incubator we urge you to call at our store and let us explain in detail the many exclusive features of the Successful.

BUSY DAY IN REAL ESTATE TRANSACTIONS

Many Land Transfers Went on County Records Saturday

Yesterday was the first of March and that meant a very busy day for Circuit Clerk C. W. Boston and his deputies, Jewell Scott and Miss Louise Leonard. Scores of documents were filed and as usually the case, most of them related to farm transfers.

Eight deals were consummated at Story's exchange and went into the records, aggregating 1,173 acres at a total value of \$266,810, or an average of \$27.50. Mr. Story said yesterday that he found among men a very general opinion that present land values will continue and probably advance. There is every prospect, too, of a better day for real estate.

S. T. Erixon and Norman Dewesse have also been very active in real estate transactions, and closed up a number of sales yesterday. These men are also firm believers in a rising real estate market. Some of the sales by Mr. Story Saturday were:

Edgar S. Oxley, to W. M. Lebkuecher, 150 acres 3 miles south east of the city.

Alvie McDonald to Harry E. Perry, Sr., 140 acres 4 miles north east of the city.

John Becker to Alvie McDonald, 353 acres a mile and a half northwest of Alexander.

Alvie McDonald to William Cockin, 240 acres mile and a half northwest of Alexander.

Alvie McDonald to Amos Swain, 50 acres one mile northwest of Sinclair.

Frank L. Hungerford to W. E. Bourn, 20 acres two miles north of the city.

Louis Mittendorf to C. H. Story, 120 acres two miles southeast of the city.

Some of the sales in which Mr. Erixon and Mr. Dewesse acted as brokers were:

Charles Martin et al. to D. E. Kennedy, 192 acres 3 miles north of the city.

Gillham to Edgar Shibe, 180 acres three miles north of the city.

Etta Murphy to William Hauser, 80 acres north of Joy Prairie.

A. J. Ruble o Grant Graff, 1660 acres northeast of the city.

R. R. Woods to A. J. Ruble, 155 acres one half mile northeast of the city.

Some of the deeds placed on record were as follows:

H. A. Naylor to W. Li Holscher pt. northwest quarter 4-16-12, \$10,000.

Beulah Burrus et al. to Frank Taggart, pt. lot 6, block 18, Aylesworth & Cobb's addition to Meredosa, \$1.

C. W. Henderson to I. B. Potter, lot 6, L. L. Morrison's addition to Jacksonville, \$1.

Mary New to J. W. Gibson, lot 59 Park Hill addition, \$1.

Hannah J. Carter to W. C. Brockhouse, west half southwest quarter 23-16-11, \$1.

Jeremiah Flynn to Walter Lewis, south half southwest quarter 15-14-11, \$14,000.

Ball Fitzsimmons to W. B. Becker, northwest quarter northeast quarter 28-14-10, \$1.

Walter J. Houston to James W. Winner, east half northeast quarter northeast quarter 24-16-11, \$34,500.

Harry A. Hayes et al. to A. R. Hayes, pt. west half southeast quarter 14-13-11, \$1.

A. G. Lind to Frank Roif, pt. west half southeast quarter 17-16-10, \$40,000.

S. N. Bridgman to J. O. Bridgman, pt. east half southwest quarter 24-16-11, \$1.

Etta J. Robertson et al. to L. W. Cox, north half northwest quarter 33-15-9, \$1.

Lloyd Cox and Clyde Cox, southeast quarter 3-14-9, \$1.

Freb B. Six to Clyde Cox, east half northeast quarter, 3-14-9, \$1.

Clifford Corrington to R. W. Robinson, west half southeast quarter 17-20-9, \$1.

J. B. Cooper to Alva Rexroat, pt. northwest quarter 21-16-11, \$1.

A. B. Green to J. C. Becker, southeast quarter 12-14-10, \$80,000.

FUNERAL NOTICE

Funeral services for the late Bert A. Van Winkle will be held this afternoon at 3 o'clock at the Gillham undertaking parlors in charge of the Knights of Pythias. The remains will be taken to Franklin at 6:55 o'clock tomorrow morning, and interment will be made in the Providence cemetery there.

THE ELLIOTT STATE BANK

The comparative statement of resources of the Elliott State bank which appears on another page, is of general public interest. These figures show that in a five year period the resources of the bank have nearly trebled. March 1, 1914, the bank resources were \$870,707.45 and the resources March 1, 1919, are \$2,142,301.21. Such a remarkable growth in a five year period furnishes the most positive evidence of the wisdom of the bank management. The officers and directors of the Elliott State bank have built up a financial institution which is indeed a great asset to the community.

The Elliott bank knows only the methods of sound finance and the five year record shows what strength and resourcefulness can bring to pass.

BUYS DIAMOND

A. W. Marshall of Markham has purchased the residence property owned by Mrs. A. J. Ward at 629 South Diamond street, and will occupy it in the near future. The sale was made through the Hodgson agency.

Mr. and Mrs. Daniel Bahan are again at their home here after a month's stay at Hot Springs, Ark. They report a very pleasant trip as the weather there was ideal during all their stay.

MORTUARY

Rhoads.

Brief mention was made yesterday of the very sad death of Mrs. William Lockwood Rhoads, who passed away at Our Savior's hospital at 12:15 o'clock Saturday morning. As previously mentioned, Mrs. Rhoads' home was at Elmhurst, Long Island. She came to Jacksonville just a little more than three weeks ago on account of the death and funeral of her mother, Mrs. Deborah K. Moore. Last fall at her own home in the east Mrs. Rhoads suffered an attack of influenza and after her illness here, which began Feb. 14, an X-ray examination indicated that her lungs had never fully cleared from the illness of last fall.

For years Mrs. Rhoads had not been in rugged health and she was not able to withstand the attack of pneumonia which came in a malignant form. Last Sunday she was removed from the home of her sister, Mrs. William Barbre, 202 South Prairie street, to Our Savior's hospital. Every resource known to medicine was tried for her relief, but without avail. Altho so seriously ill Mrs. Rhoads was at all times conscious. On Friday she knew that the hour of her going was not far distant and with rare courage she said words of farewell to the members of the family group so solicitous for her welfare.

Mrs. Rhoads before her marriage was Miss Grace Viola Moore and she was born at Mexico, Mo., June 2, 1878, a daughter of Mr. and Mrs. F. C. Moore. The family home during her early life time was changed from Mexico to Roodhouse and it was there that her father was killed in the railroad yards in 1887. The death of Mrs. Moore, as already narrated, occurred only a few weeks ago. In Roodhouse where Mrs. Rhoads spent her girlhood days, she acquired a large circle of friends because of her happy spirit and her unflinching kindness. One who knew her intimately said yesterday: "She had one of the gentlest spirits that I have ever known. This was true day after day and year after year, and she was never so happy as when doing some kindness for a friend or a member of her family." She was an accomplished musician and had an important place in the musical life of Roodhouse during her residence there. The deceased was identified with the Methodist church and most actively interested in church affairs.

It was April 7, 1901, that the deceased was married to William L. Rhoads. Their home was established in Roodhouse and they continued to reside there until the latter part of 1917, when they removed to Elmhurst, L. I. In that city she held membership with Grace M. E. church and the same genuineness of interest in religious affairs which marked her connection with the Roodhouse church, was manifested.

The deceased is survived by her husband, four children, Viola, Ralph Moore, William Lockwood Jr., and Harrie Upshaw Rhoads. There are also the following brothers and sisters: Charles E. Moore of Cherokee, Iowa; Harry G. Moore of Peoria; Mrs. W. H. Tingle of Kansas City, William L. Moore, Kansas City, and Mrs. William Barbre of this city.

The death of Mrs. Rhoads in the very prime of her life has come as a crushing blow to the members of her family and to intimate friends. The influence of her home life which radiated far beyond the home, had given her a distinct place in the affections of many. She had a quiet graciousness about her that never failed and the very sweetness and gentleness of her life made death something beyond thought. So at this time the most heartfelt sympathy of friends is given to the stricken family.

Brief funeral services will be held at the home of Mr. and Mrs. William Barbre, 202 South Prairie street, tomorrow morning at 9 o'clock and then the remains will be conveyed to Roodhouse on the 10:45 o'clock train, where further services will be held at the Methodist church at 11:45 o'clock.

D. W. GRIFFITH PRESENTS "THE GREAT LOVE"

An Aircraft Picture, at Scott's Theatre, Monday and Tuesday

World-famed as the producer of stupendous motion picture spectacles, David Clark Griffith is responsible for many of the most celebrated cinema triumphs known to the motion picture art. Without attempting to give a complete list of Mr. Griffith's picture productions, mention must be made of "The Birth of a Nation," "Intolerance" and his wonderful war picture, "Hearts of the World." In "The Great Love" Mr. Griffith shows the marvelous transformation which the social structure of England has undergone as a result of the war, and coupled with this process is a fascinating love story which makes this production one of the most remarkable in point of attractiveness, ever produced anywhere.

It is a mighty story of a society woman's regeneration. The time-worn saying, "Love levels all ranks," is doubly true. This is plainly shown in David Clark Griffith's special production for Aircraft, "The Great Love," which is to be displayed at Scott's theatre next Monday and Tuesday.

This remarkable photoplay reveals a beautiful love story. It portrays the awakening from a lethargy that had been produced by the conditions in the "piping times of peace," bringing out the wonderful character and nobility of purpose, the self-sacrificing, the letting down on the bars of caste on the part of the noble families of the Empire.

Social Events

Miss Cox Entertained.

Miss Laura Cox, 617 West College avenue, entertained Saturday evening in honor of Lloyd Spires and Albert R. Swain, who recently returned from U. S. camps. The Misses Ethel and Mary Spires and Ellen Swain were present also.

Mrs. F. C. Benson Received a Surprise.

Thursday afternoon about three o'clock a number of friends gathered at the home of Mr. and Mrs. F. C. Benson, 443 South Mauvasterre while she was attending the theatre and on her return she found her company with well filled baskets of good things had come to spend her birthday with her. Mrs. Benson received many useful gifts and all departed wishing her many more birthdays.

Dance at Peacock Inn for Tournament Visitors.

Denham Harney Paul Leurig and Gene Clute gave a dance at the Peacock Inn Saturday evening in honor of visitors to the district basketball tournament. About 60 couples were present and music was furnished by Powers orchestra. Mrs. Kime and Miss Hayden were the chaperones.

Entertained for Relatives.

Friday evening Mr. and Mrs. A. H. Wyatt gave a surprise party in honor of their nephew and niece, Samuel and Lillian Walch of Toronto, Canada. Progressive euchre was played at three tables and first ladies prize was awarded to Mrs. Mary Taylor and first gentlemen's prize to Asa M. Ribinson. The consolation prize was won by Miss Dorothy Perry. Following the euchre a musical program was enjoyed and refreshments were served.

Farewell For Mr. and Mrs. Henderson.

Members of the Opportunity class of Grace M. E. Sunday school planned a delightful surprise Friday evening for Mr. and Mrs. Arthur Henderson, who will leave tomorrow for their new home in Galesburg. Mr. and Mrs. C. E. Williamson entertained Mr. and Mrs. Henderson at dinner Friday evening at their home on West College avenue and in the evening members of the Sunday school class, together with their wives, were invited to the Williamson home. Mr. and Mrs. Henderson were taken completely by surprise but nevertheless enjoyed the event to the full. Several hours were spent in a delightfully informal way and during the evening excellent refreshments were served.

Gave a Party.

Mr. and Mrs. Myles Fitzpatrick entertained at their home south of the city Thursday evening. Dancing was the chief diversion. Among those who were present were, Mr. and Mrs. Ed. O'Meara, Mr. and Mrs. Thomas Mandeville and family, Mr. and Mrs. Michael Welsh and family, Mr. and Mrs. Irvin Watt, Mr. and Mrs. Herman Schumaker, Mr. and Mrs. Otto Grimmett, Mr. and Mrs. Pat Sheehan and child, Mrs. Timothy Murphy, Emma Mandeville, Mary Murphy, Marie Busey, Faye Ranson, Rose Flynn, Margaret Fitzpatrick, Marie and Monica Riley, Florence and Stella Doolin, Marie, Ethel, and Kathryn Croty, Mary and Josephine Lonergan, Cecilia Maloney, Mae Obert, Mary Beguel, Mary O'Connell, Loretta, Farrell Eugene and Timothy Murphy, George and William Flynn, Austin and Fred Cockerell, Joe Fitzpatrick, William and Clarence German, Harry Doolin, Michael and Francis McGrath, Eugene, Lewis and Thomas Begeal, Thomas and James O'Connell Ed Riley, Martin Lonergan, Joe Riley, Jesse Tazewell, Russell O'Donnell, Harry Doolin, Harold Fearneyhough, John and Leonard Mandeville, Joseph Koyne, Francis and Robert Maloney, Tom Conlon and Lawrence Flynn.

The Love of Money

Some proverbs need mending. One of them is: "The Love of Money is the Root of All Evil." The truth is that wastefulness of money, carelessness and heedlessness with money, causes infinite evil. FOR EVERY MISER THERE ARE A THOUSAND SPENDTHRIFTS. It is as bad to care too little about money as to care too much. Put your money in this Bank, and it will love you.

Center: Neblung, Rushville.
Guards: Smith, Jacksonville; Manning, Jerseyville.

Jeffersonville ran true to early morning form Saturday night in she won the western district basketball tournament defeating Barry in the final by a score of 29 to 24.

The win of Jeffersonville was not impressive as that of last year, fact she gave a very mediocre exhibition of basketball at times in the beginning of the game plainly up in the air. Barry, never did not take advantage of this and missed a number of shots and at times failed to get the ball to a man under the net, preferring to take a long lay at the hoop.

Barry started with a rush and in short passes and good foot work seemed to bewilder the Jeffersonville boys who seemed unable to cover the man up at the net and Barry got away with several field goals. The defense Barry also seemed to be hard on Jeffersonville to solve.

That it is harder to shoot baskets when there is not so much time in which to do it was shown by the failure of Bell and Drury to throw baskets with their customary abandon. With the exception of the game with Jacksonville Jeffersonville had no trouble at all. Her men could take all the time necessary to make a shot and the result was many phenomenal baskets. However, in the game with Barry they were hurried all the time and it made the stars look just like any ordinary players.

Barry Had Many Chances
Barry had many chances to win and we would say that their defeat came largely through their failure to play the game they had mapped out. The system worked admirably so long as they stuck to it but after Jeffersonville scored a few times they seemed to get up in the air and forgot what they were out there for.

Man for man the Jeffersonville players did not have a thing on Barry. In our opinion Wamsley and Maddox more than held their own with Drury and Bell while there was no question but that Barry's guards had it on Jeffersonville's for effectiveness in defense. Bell of course had the advantage of Sparrow but not so much as one would think when the five lined up for the tipup.

The game between Rushville and Bluffs for third and fourth honors was also a fast and well played game with Rushville winning by a score of 32 to 21. Both teams tired from their fatigues in the first game and the game was full of fight and it was anybody's game for several minutes but Rushville finally penetrated Bluffs' defense and made scores rapidly.

Tournament Financial Success
Principal Hopkins stated last night that the tournament this year was a big success financially, the receipts totaling over \$1,400, or nearly twice as much as any former year. While the price of admission was slightly raised the fact remains that the crowds were the biggest in the history of the tournament. The attendance was made up largely from local people. So that despite the fact that Jacksonville was eliminated in the opening game her fans showed real sportsmanship by going to cheer for the other contestants.

All of the visiting teams were well pleased with the treatment received and taking the tournament in its entirety it was one of the most successful in history. All the teams were well matched and throughout the play fans were treated to some excellent basketball. The players of the teams also showed a good spirit and there was but little tendency to roughness and this was probably caused by over anxiety.

Jeffersonville 64, Bluffs 15.
Jeffersonville played rings around Bluffs in her semi-final game, the final score being 64 to 15. The Jersey county boys took it easy and had they left in all of the regulars and played hard could undoubtedly have scored one hundred or more points. Bluffs, however, the outclassed played a hard fast game and most of their baskets were on the sensational order as the guarding of Jeffersonville made it necessary to shoot from the middle of the floor and at all angles. Sipes.
Dr. Emanuel Sipes, for a number of years a well known resident of Jacksonville, died at his home, 314 West Court street, at 11:15 o'clock Saturday morning. Dr. Sipes had been ill for a few days from pneumonia. His condition was such Friday night his attending physician felt that the hour of his going was not far distant. Dr. Sipes was born Oct. 29, 1849, at Columbus, Md. His early life was spent there and he subsequently removed to Warsaw, Ind., where forty eight years ago he was married to Miss Lucinda Ball. Dr. Sipes had been a resident of Jacksonville for 22 years. Mrs. Sipes, who had been an invalid for a number of years, passed away three weeks ago, as the result of a stroke of apoplexy. Her death caused special sadness to Dr. Sipes and his condition of mind no doubt had much to do with his critical illness. The deceased was a member of the American Medical association and was highly esteemed by those who knew him. He held membership in Centenary church and attended when at all possible.

The deceased is survived by the following brothers and sisters: William Sipes, of Los Angeles; James Sipes, Miles City, Mont.; Mrs. Lennie Barney of California; Mrs. Alice Short, Mrs. Clara Moore and Miss Laura Sipes of Santa Barbara, Cal.

The remains were taken to the undertaking rooms of W. W. Gilliam and services will be held there at 2:30 o'clock Monday afternoon, in charge of Rev. W. R. Leslie.

Musicians ball, K. of C. hall Monday, March 3, 8 p. m. 20-piece orchestra.

BIRTH RECORD
Born to Mr. and Mrs. Robert M. Spaenower, 846 North Main street, Feb. 9, a son, Robert Earl.

Mr. and Mrs. J. W. Ricks of 738 Allen avenue recently received the news of the arrival of a baby daughter at the home of Mr. and Mrs. A. G. Madison of Ottawa, Kansas. Mother and baby are reported as doing well. Mrs. Madison was formerly Miss Elsie Ricks.

S. T. MADDOX IMPROVING
S. T. Maddox is well recovering from the severe hurt sustained by a fall a short time since. He yet shows the marks of it but hopes soon to be all right. He said fifty years ago yesterday his daughter, Mrs. Minnie Cully, was born. The weather was cold and stormy and feeding stock was chily business. In those days shock corn was largely fed to cattle and it had to be hauled from the field which was no easy task and efficient help was hard to obtain and Mr. Maddox has a lively recollection of the time.

Though his immediate family have all passed away he is kindly cared for in his declining years and can talk many hours of the days gone by, especially of those he spent as a soldier at the bloody battle of Chickamauga.

RELEASED FROM SERVICE
Michael Crawley of Murrayville has received word from his nephew stating that he arrived in the U. S. A. Feb. 14th, having been discharged from service Feb. 6th. Crawley was with the 310th Supply Company going in to service a year ago last January, going to France last May. He is working on the police force in Chicago and went to work immediately upon his return to Chicago.

WEEK-END GUESTS.
Misses Ruby Seely and Eloise Strang of White Hall are weekend guests of Miss Wilma Williamson at her home, 317 West College avenue. They came at this time in order to attend the basketball tournament.

WHAT IS IT?

The most abused thing on earth.
The thing most talked about.
The thing that is slandered the most.
The thing that is praised the most.
The thing that costs the least of anything of its kind.
The thing that gives the greatest amount of service that the world has ever known.
The thing that everybody wants.
The thing that some are too proud to buy.
The thing that gives the greatest efficiency.
The thing that is considered legal tender.
The thing known the world over, as a business getter.
The thing that spells efficiency, economy, durability, simplicity, love and affection, and in fact, perfection itself is spelled with four letters.

AGED WINCHESTER RESIDENT DIES

Mrs. Anna Eddings Was in 93rd Year—Long in Ill Health—News Notes.

Winchester, March 1.—Mrs. Anna Eddings, wife of Dr. J. W. Eddings deceased, passed away at the home of her son Joseph Friday night about 10 o'clock. She was in her ninety-third year and was confined to her bed for a number of years. She was a member of the Christian church here and in her earlier years was a very prominent worker. The family is one of the old and well known families of Winchester. Funeral services will be held at the Christian church Monday, March 3, at 2 o'clock with services in charge of Rev. W. J. Evans. During her failing health Mrs. Eddings was given every care and attention by her son and daughter-in-law.

The fifth and sixth grades gave an entertainment Friday afternoon, the program having been arranged under the direction of the teachers, Miss Bernice Burrows of the sixth grade and Miss Mary Owings of the fifth grade. The program was as follows:

Physical training class—Both grades.
Salute the flag—School.
Song, "Dear Old Flag"—School.
Recitation, "Washington"—Edward Cooper.
Story of Washington's Life—Ella May Wallace.
Description of Washington—Opal McCarthy.
Recitation, Robert Reynolds. Original Poem, "The Cherry Tree"—Darrell Revis.
Music—Victrola.
Story of Lincoln—Nell Smith.
Description of Lincoln—Faye Cox.
Recitation—Sarah Cohagan.
Original Poem, "Abe Lincoln"—Allen Watt.
Papers—Thomas Gibbs and John Dugan.

Arithmetic contest in rapid addition—5th grade boys against 8th grade girls.
Solo, "Hail, Illinois"—Schole.
Rainbow division physical training exercise—Girls.
First prize in arithmetic contest was won by Nell Smith of the sixth grade and the second prize by Allen Watt of the fifth.
Clark Taylor was a Bluffs visitor here Friday.

Lee Brown arrived home Wednesday morning from Camp Grant, where he received his honorable discharge. He was in France 7 months and in the service 18 months.

Miss Loretta Lashmet left Saturday for a week-end visit in Jacksonville.

The home of Rev. and Mrs. W. J. Evans was the scene of a quiet wedding Friday evening at 8:45 o'clock, when Boone Welch, a returned soldier, son of Mrs. J. L. Welch of south of Winchester, and Miss Mary Rhea Richardson, one of our efficient teachers and the daughter of Mited in marriage, by Rev. William J. Evans, pastor of the Christian church, Mrs. Evans and her mother, Mrs. Fancher, were the only witnesses to the ceremony. Mr. and Mrs. Welch are both prominent young people and their many friends will join in extending hearty congratulations and wishes for a long and prosperous married life. They will make their home here.

Mr. and Mrs. William Evans received a message Saturday evening saying their son, Jesse Evans, had arrived at Hoboken and expected to be sent to Camp Merritt for discharge. Jesse Evans and Joe Cowick were the first Winchester boys to enlist in the service very soon after the war was declared. This is the first time the parents had heard from their son since August.

Charles P. O'Donald attended the Illinois Percheron Association meeting held at Springfield at the Leland hotel. Mr. O'Donald is the only member from Scott county.

Mrs. W. H. Kinison and daughter Helen left Saturday for a short visit in Jacksonville.

"HEARTS OF THE WORLD" GREAT HISTORICAL DOCUMENT

The coming of peace makes particularly timely the appearance here of W. D. Griffith's latest masterpiece, "Hearts of the World," to be shown at the Rialto March 7th and 8th.

On account of the ending of the great struggle in Europe, "Hearts of the World," produced in France, has taken its place as the greatest visualization of the recent victory in which the American forces played so important a part, and yet Mr. Griffith's tremendous spectacle is not in any sense a war play, the story being an account of the people to whom the war came rather than a panorama of the struggle itself. In keeping the war as a background for the unfolding of the wholesome romance, Mr. Griffith has shown himself in the fullest expression of his art, for the man who produced "The Birth of a Nation" and "Intolerance" must have been tempted to make "Hearts of the World" purely a spectacle of the war. The great producer did not allow himself to be carried away by the scenes of death and devastation surrounding him during the taking of the great scenes, but rather took his inspiration from them and brought back to America what has been termed "the sweetest love story ever told," wherein he shows the inner life of the splendid people of France.

ABOUT ADVERTISING

The money paid by some concerns for advertising seems enormous but they are managed by competent men who know the value of publicity. A Jacksonville merchant yesterday showed a Journal reporter the appropriation made by a firm manufacturing prepared food and a few household articles. For the first six months of the year the firm had contracted for \$30,800 worth of advertising in periodicals alone. This advertising was all one insertion of a large space, generally a page in the magazine.

The highest price paid for one insertion was \$3,000. Some cost \$5,500 for one time and on down to \$1,500. Robert Bonner, years ago publisher of the New York Ledger, was on the brink of bankruptcy. He had some money and spent it getting the first chapter of a popular story printed in several papers. He gained a start, bought every fine horse he could secure, Maude S. for \$40,000, and died a millionaire.

GAVE SUPPER IN HONOR OF MR. TURNER

Associates of Postal Employee Now Leaving the Service Pay Him Honor.

L. B. Turner, for many years associated with the postal service of Jacksonville, has been one of the most popular men in the service. As already announced, Mr. Turner resigned his position several weeks ago to enter into business association with Dr. G. H. Kopperl. In honor of Mr. Turner postal employees gave him a supper last night which proved a most enjoyable event.

After the excellent menu had been served Postmaster Ralph I. Dunlap presided as toastmaster and every one of the men present was called upon to speak. It was a program of informal toasts which the company enjoyed. At the conclusion of this program Carl Richards, acting for the company, in a fitting way presented Mr. Turner with a very handsome Parker fountain pen. Mr. Turner was visibly affected by the expressions of good will from his fellow workers but made all the men understand how much he appreciated their attitude toward him.

It was just fourteen years ago yesterday that Mr. Turner took the examination for the service and for the greater part of that time he has been a regular carrier, giving to the government efficient and faithful service. He will be succeeded in the south side business route by O. I. Milburn, one of the long time carriers.

The committee which arranged for last evening's event included F. C. Koenig of the carriers' association, Carl S. Richards of the clerks' association, and Thad Wiseman of the rural carriers. The supper committee was made up of Thomas Harber, John B. Seibert and James Magner.

WILL FILED

The will of the late John Tranbarger of Franklin was filed Saturday in the office of County Clerk G. L. Riggs. The original will was dated Dec. 16, 1910, and a codicil was made Dec. 31, 1913. By this will Julia Tranbarger, wife of the testator, receives the household goods and the use of the residence in Franklin during her lifetime, and ten acres of land in Cameron county, Texas. Some minor bequests of personal property are also made and then the testator makes provision for the division of the rest of his property among his wife and his four sons, Oscar, Andrew, Scott and Charles Tranbarger.

We are offering some of our various lines of sidelines at a reduction each week.

PARAGRAPHS FROM MAJOR BLACK'S LETTERS.

Major Carl E. Black, who has been in Red Cross service in Macedonia and contiguous territory for a number of months past, will return in May. A cablegram received not long since by Black indicated this fact. The wording left the matter

somewhat in doubt. The letters from Dr. Black indicate something of the character of the work in which he is engaged and show how important a part the Red Cross organization has in helping the people of the European nations thru the reconstruction days. Some interesting paragraphs from letters are given below:

Salonica, Greece.

I wrote you a few lines yesterday

day while waiting in the office of the Governor General. I do not know that there is much that I can write although there is a volume I could say. Conditions as seen and as reported to us cannot be written at present. Night before last we had dinner with Mr. Adosides, the Governor General of Macedonia and he has kindly invited us to lunch today—Sunday. He seems to be one intensely interested in the present situation and is doing everything he can for us. He has secured a boat and is sending an auto with us today to Cavalla.

Our supplies have not yet arrived but we have picked up some fifty tons here which we will distribute this week in some of the most needy places in eastern Macedonia. By that time we hope our supplies may be here.

Salonica is normally a city of less than 100,000, now on account of the war, grown to 300,000. Here are the soldiers of every nation—soldiers, soldiers, soldiers everywhere. Last night we had our dinner at one of the large popular restaurants and it was interesting to study the great number and variety of officers, Greek, English, French, Italian, Serbian, Chinese, Japanese, etc., etc. I doubt if any other city can show such a military variety—especially when one takes into consideration the Scotch, Irish, Welch, Canadian and all the various tribes mustered by the French.

Will drop you a line while waiting for breakfast. We have certainly arrived at the frontier of the war. The armies had just been back here thirteen days when we arrived and the civil population is just beginning to come back. This whole country was overrun and all property possible destroyed by the Bulgarians who carried off all the men and boys into Bulgaria and many of the women, too. The race hatreds in this part of the world are possibly the deepest and worst to be found. I will have enough stories to last a year. The Americans (employees of the American Tobacco Co.) with whom we are staying, were carried off into Bulgaria and were held there for over a year but of course they were treated well compared with the Greeks and Serbs.

The history of the repeated and almost constant strife between the Greeks, Serbians, Bulgars and Turks is a series of racial and individual tragedies which would probably be difficult to duplicate in any other part of the world. The situation of this country is something appalling. They have been at war for so many years that they almost look upon it as the natural state of society.

This place has normally about twenty to thirty thousand people and is almost exclusively given over to the tobacco industry—all the tobacco raised in eastern Macedonia is bought by the dealers here—millions of pounds being sorted and treated and stored in the great warehouses here. We are using a small tobacco warehouse here as our warehouse. It is a curious form of government which exists in such a war zone as this. For various things and on different occasions we have consulted four different governments. First the Greek military government; second the English military government; third the French military government; fourth the Greek local government; and as a matter of fact we are here under the general direction and patronage of the Governor General of Macedonia. You can well see that it is often difficult to know just where to go for advice and help. As a matter of fact they are all exceedingly good to us and there is nothing we have asked for which has not been almost immediately forthcoming from one source or another. We get our food from the English and are faring fine on

regular English army rations. Our own supplies are mostly raw materials, such as flour and rice, etc.

Well, I might write on for a week about this place, country and situation and then the story would hardly be begun. I am getting very hungry for a letter. It is almost two months since I have had a word from home—that seems like a long time to me. I hope there is mail in Athens by this time but I told them not to try to forward the mail as the rail facilities here are exceedingly meagre. I will probably send this letter out by the British army post as they have a courier which goes every day over to Salonika and beyond and Major Saunders, a very fine British (Scotch) officer who is exceedingly good to us as is also Col. Smyth who is in command here.

Cavalla (or Cavala, or Kavala or Kavalla) is a rather interesting place situated on a well protected harbor or bay in between the long tongue or mainland extending out to the southeast on which Holy Mountain (Mt. Slathos) is situated and the island of Thasos to the east. The town is in a cleft between two rather low but rugged mountains which come down abruptly to the sea. The town is between them and extends up on their sides in a rather striking way. There is an old aqueduct between them. Of course there are no conveniences here—everything is at the lowest possible condition.

Well I must close and go to breakfast. I will be glad to be home although I am enjoying the work.

Drama, Greece.

This is another stage toward the Greek frontier and tomorrow I expect to leave here by train and go over into Bulgaria to look after Greek refugees who have not yet been able to get back into Greece. I cannot give you details by letter but will have interesting things to relate when I get home and possibly by letter before that.

We have waited for several days, hoping the weather would get for us to make the whole trip by car from Kavala to Xanthi. It still rains and these rainy days in Macedonia are about the most cheerless rainy days I have ever seen—while the temperature does not get low the whole atmosphere seems to get full of a cold mist that one can't get away from—additional clothing does not seem to remedy the difficulty. We drove over by auto from Kavala this morning. The only roads out of Kavala take you over the mountains which although not very high are abrupt and rough. Thanks to the work of various armies this road is very good and will be so throughout the year. This road takes us through the ruins of old Philippi—your men to remedy the history of the place—we hope to spend a few hours there some day in exploration. We read such papers as we can get each day for all the news regarding the armistice and the terms of final settlement. Bulgaria seems to have gotten the most favorable terms of any of our enemies—probably because she was the first to see that the end was inevitable. In seeing these Greek refugees coming back to their homes aged and starving and ragged probably gives us a view of what one sees in Belgium and Serbia and other places. The destruction and ill-treatment of neighbors by neighbors will require much time and many volumes to relate. We pass through one considerable town between Kavala and Drama which has been completely destroyed by war and this is only one illustration of many in the various fields of the war.

I wish I could describe to you

this old town which has passed through so many stages and many occupations by various nations—Turks, Bulgars, Greeks and others. The history of Macedonia has been that of one war after another and one ownership after another. It is certainly almost medieval in its general characteristics of building, streets, shops, and squares not to mention the lack of sanitation, the proximity of the stable and the home, etc. Well, I must close and go to an engagement where we hope to get information about refugees. There are many here who are being cared for by many agencies. I wanted to be sure and write you from here.

I am sitting in the private library of Mr. Adosides, the Governor General of Macedonia, at Salonika while I write you this letter. I am waiting for a Greek medical officer who is to take me to the Greek hospitals here this morning, by an engagement made for me by the Governor. We arrived here from Athens at seven o'clock on Thursday evening having left Athens at one o'clock on Wednesday. The train was only eight hours late which is said to be doing very well. Of course the railroads are terribly congested with troop trains and other military traffic. We are given a ship here by the Governor which is being loaded today and we hope to leave tomorrow for Cavalla where we will make our headquarters while in eastern Macedonia. I will not doubt have some interesting tales to tell of conditions there.

IN MEMORY OF

MARIE DWYER.

Marie has gone from us forever. She has passed to the other shore. Yet we know that she lives and is happy. With God's chosen, ever more. But we miss you dearest Marie. Miss you more than tongue can tell.

Yet we must submit unto the Master.

He who doeth all things well And though you are gone, You are not forgotten, For around our hearts, your memory clings.

Till that day, we shall meet in Heaven.

Where God's praises we shall sing Mary Tiemeyer Cramer, Peoria.

HEARING ON OPTOMETRY LICENSING BILL

Opponents of Measure Will Set Forth Arguments March 5—Proponents Declare Supervision of Profession is Necessary.

Springfield, Ill., Feb. 28.—A hearing on the optometry licensing bill introduced in the house by Representative Roderick of Chicago will be held by the house judiciary committee, March 5. When opponents of the measure will set forth their arguments. A companion bill, sponsored by Senator Dailey, is before the senate judiciary committee.

The law licensing optometry was declared unconstitutional by the Illinois supreme court. The present bills are intended to remove the objections, said to have been in the definition of the word "optometry."

The Roderick and Dailey measures have the backing of the registration and education department. They provide that no person who does not obtain from the department a license before October 1, 1919, shall be permitted to practice optometry—"the science of fitting of glasses." An optometrist, under the bill, must be at least twenty-one years of age, have a high school education or its equivalent and must have studied optometry for at least two years. All candidates must pass examinations.

Proponents of the bill declare supervision of the optometry profession is necessary to safeguard the eyesight of the people.

SEEK TO AMEND STATE MEDICAL PRACTICE ACT

Vigorous Opposition Manifested by Certain Medical Circles to Bill Requiring Physicians to Renew Licenses Annually.

Springfield, Ill., Feb. 28.—Bills are being prepared to amend the state medical practice act so that physicians will be required to renew their licenses annually and pay a nominal fee for the renewal.

Vigorous opposition is being manifested from certain medical circles. It is declared foes of the proposal fear it will be difficult for some physicians to maintain their right to practice under the high standards set by the statute.

At its last meeting, the Illinois State Medical Association favored a bill to require renewal of licenses every year, thereby eliminating unworthy physicians.

The department of registration and education has been attacked because of its advocacy of the legislation.

Trades and professions under the department, now subject to annual license renewal, are barbering, chiropody, dentistry, embalming, horseshoeing, nursing, pharmacy, plumbing, structural engineering and veterinary medicine and surgery.

Hudson Super-Six Initiative

Leads Motordom

Hudson leadership first won recognition on the speedway. But its present position does not depend on its unparalleled records in continental runs, or endurance tests, or its climb up Pike's Peak.

Hudson Super-Six leadership is not based on its records in these feats alone. Super-Six leadership is the result of solid, satisfactory, daily service.

In the hands of 60,000 exacting and satisfied owners, it has won its chieftainship. The confidence which they have learned to hold in Hudson Super-Six performance has made it the largest selling fine car in the world.

Hudson Always a Pattern Car

And behind Hudson Super-Six leadership there is one fundamental cause—initiative. Its initiative in mechanical design has changed the whole trend of all motor construction.

Hudson Super-Six initiative in body design brought forth the Sedan, Cabriolet, Touring Limousine, Town Car, and Phaeton, popular models that rivals have adopted.

For so long has Hudson pointed the way in body styles that its newest design is awaited in motordom with the same interest as the latest Paris creation is awaited by the world of fashion. The latest Hudson model always forecasts the body styles of a year hence. No car remains in vogue longer than the Hudson Super-Six, for it sets the vogue.

The few open car models that are in the hands of the dealers are fast disappearing. Present demand is taking the output of closed cars, of which there are five types. Full production will not be resumed until June. If you want your Super-Six for next spring you must act quickly.

PARLIAMENT SUSPENDED

Madrid, Thursday, Feb. 27.—(By the Associated Press)—In view of the obstructive tactics by the opposition against labor legislation the government decided today to suspend parliament. Great surprise was caused by the announcement that the cabinet had resolved to prorogue the budget and different bills favorable to labor until July. Reports from Barcelona where the working men have been restive are that the situation brought about by the strike of the employees of the Canadian company seems to be improving.

STUDY ROUMANIAN QUESTIONS

FROM COUNTY AGENT'S OFFICE

The Farmers Opportunity—When the Illinois State Council of Defense went out of existence the Illinois Agricultural Association became its logical successor. This bestowed not only a great honor upon this farmers organization but also placed upon it a responsibility. The question is, "Will the farmers' organization be equal to the occasion?" Here, before, when attempts have been made to organize farmers they have been very hard to get in to any sort of an effective organization. As a general thing, they are not inclined to turn over

their individual rights to an organization. As a consequence that 46 per cent of our population has been weak and a sort of a joke when compared to business organization and labor unions. What will it cost to organize? As a general thing, the membership fee in any Farm Bureau in any of our good counties is \$10.00 per year. That may sound pretty high to the man who doesn't realize the necessity of organization and the responsibility upon him as an individual. On Thursday of this week the County Agent talked with a labor union man who is paying \$3.60 per month into his union for the purpose of building up a fighting fund. As a result of that sort of thing the 8 per cent of our population known as union labor is more effective from a business standpoint than is our 46 per cent

population designated as rural. To become a member of the Farm Bureau it will cost each individual member \$10 per year and for our Farm Bureau to become a member of the Illinois Agricultural Association it will cost our county organization \$100 per year for two years to become a member of the state organization. Ten new memberships will pay for this additional expense. As red blooded Americans should we not unite with the state organization and feel that we are doing our part when it comes to bargaining with the packers or the speculators in other lines? 40 Farm Bureau members, down in Jersey County, voluntarily sent in \$5 each as a free will offering to the Illinois Agricultural Association. Over in Vermillion County 75 members voluntarily pledged \$5 per year to swell the fund to enable the Illinois State Agricultural Association to meet organized labor and organize capital on an equal footing. The Morgan County Organization may be somewhat slow in lining up with the state organization but we do hope that the time is not far distant when we shall be truly members of this great fighting force.

Annual Luncheon—The Ladies are certainly going to attend the annual luncheon of the Morgan County Farmers club at Grace church next Wednesday. This is an opportunity for the women in one of the best counties to get acquainted with those living in the other. None of the lady members hesitate to attend for fear that they will be the only ladies present. According to the report in the office of the County Agent, fully as many women will attend this dinner as men. We certainly are glad that they are responding so well to the invitation. The members of the executive committee and advisory council who have been handling tickets in their respective communities are requested to report not later than Monday night.

SENTENCES COMMUTED BY WILSON MADE PUBLIC

WASHINGTON, Feb. 28.—Three additional cases of soldiers in this country sentenced to be shot by court martial for military offenses and whose sentences were either remitted or commuted by President Wilson were made public today by the war department. Private Nicholas Locassie of the medical department, Camp Greenleaf, Ga., was convicted on charges of having refused to put on the prescribed military uniform, and two thirds of the members of the court concurred in the death sentence. Major General Sharp, commanding the southeastern department recommended that sentence be commuted to dishonorable discharge and 25 years imprisonment. The president reduced the prison sentence to 15 years.

Private Benjamin Briger and Herman D. Kaplin of the quartermaster corps, Camp Funston, Kansas, were charged with refusing to put on the uniform and also having refused to do non-combatant military service of any kind. In each case the death sentence was the court's decision.

In forwarding these cases, Major General Leonard Wood, commanding at Camp Funston, recommended that the sentence be commuted to dishonorable discharge from the service, forfeiture of all pay and allowances and confinement for 25 years. The president disapproved both findings and sentences and ordered the soldiers released from confinement and restored to duty. Secretary Parker's attention was called today to the fact that on very similar charges between the case of Private Locassie and the cases of Privates Briger and Kaplin the final action was to restore the two Funston soldiers to duty while Locassie was given a fifteen year prison term and dishonorable discharge on his release from confinement.

The secretary had no recollection of the details of the cases each had been reviewed by the judge advocate general's office, he said, on its merits and the action taken undoubtedly was in accord with the views of the judge advocate general and of the clemency board in the judge advocate general's office headed by Brig. Gen. Ansell.

PASSES SENTENCE ON I. W. W.

Chicago, Feb. 28.—Federal Judge Landis today passed sentence of eighteen months in Leavenworth penitentiary upon Pietro Nigra one of the 92 I. W. W. convicted of conspiracy with William Heywood last September and granted leave to file a petition for a writ of error on behalf of Nigra and 54 of the others in their attorneys' efforts to have the United States circuit court of appeals taken action. Nigra a tubercular instead of being sentenced with the others was allowed time to undergo treatment in a hospital.

ILLINOIS TROOPS ARRIVE—New York, Feb. 28.—Bringing 3,491 troops, including the 350th regiment of field artillery (negro) the transport Mauri arrived here from Brest late today. Five casual companies from New York, Texas, Illinois, Michigan and Iowa, Kansas and a convalescent detachment of 1,102 sick and wounded were among the other units on board.

CHAPTERS TO KNIT FOR WOMEN AND CHILDREN

A call has been issued by National Headquarters for certain knitted articles for the use of women and children in the war devastated countries. The recent request to Chapters to "stock needles" was based on the fact that all the sweaters and other knitted articles necessary for the men in service have been made and are in stock.

We are now faced, however, with another need, that of the destitute war-suffering women and children. "This need" says a recent cablegram from Europe, "is great to a degree which few of us at home can possibly realize."

Pitiable stories have been flashed across the ocean about thousands upon thousands of children who are barefooted and bare-legged while snow and ice is on the ground.

To help meet this emergency it has been determined that the yarn on hand in the Chapters and in the Division warehouses should be knitted up, as quickly as possible. In view of the fact that the greater part of the yarn on hand is suitable only for hand knitting it is particularly desirable that Red Cross knitters should make this wool into Refugee garments for the benefit of the women and children that are in dire need.

The quota of knitting which has been assigned to your chapter is enclosed, and also knitting directions. These instructions are in no way obligatory. Any good directions may be used for the articles required. Also any color of yarn may be used.

Chapters should accept articles knitted from wool donated by the

knitters themselves, even if these articles vary in color and weight. Knitted articles for men may be accepted and shipped, but the manufacture of garments for men should be discouraged.

This is an appeal to the women and children of America to assist the women and children of less fortunate countries. The task of knitting articles for the soldiers and sailors has been well done and finished. We trust that your knitters will take up this work with similar enthusiasm.

NATIONALIZATION OF WOMEN RUMOR UNTRUE

WASHINGTON, Feb. 28.—The rumor as to the nationalization of women is not true although such a decree has been issued by the commissioner of Saratov, but was immediately cancelled by the Soviet government and the commissioner promptly dismissed.

"It is not known that any serious conflicts exist between Trotsky and Lenin. The Bolshevik power is maintained by force of arms and terror as well as by an elaborate system of spying."

"Most of the factories have been obliged to shut down and those that are still running do not produce one third of the normal output."

To Our Patrons

We wish to announce that we have our plant reinstalled and are now able to get your tires out promptly. In fact we are able to repair your tires quicker than ever before as we have added a great deal of new machinery and equipment to our plant, including a new process, dry-cure retreading outfit thus enabling us to turn out BETTER WORK QUICKER.

We are indeed sorry for the inconvenience caused our customers while we were moving our plant to the 2nd floor and adding new equipment, but owing to the increase in our vulcanizing and tire repair business this change was made necessary in order that we may be able to give you the best of service during the coming season.

Ask Dad

Just ask Dad to stay at home one day and do the family wash.

Dad won't do it. He'll say there ought not to be a wash day at all—that the home isn't the place to do the wash.

Dad will say to send all the wash to the laundry. And Dad will be right.

All things considered it costs less to have us do the washing than to do it at home.

We'll Give You 20c

in Aluminum Mold values, for every end label you send us this week from a package of Jiffy-Jell. The end label must be the one which mentions the flavor. See picture. The flavor must be either Loganberry, Pineapple, Lime or Mint. Labels on our other flavors count for 10 cents each, but the four flavors mentioned count for 20 cents each. Think of that. Each Jiffy-Jell package costs 12½ cents. Yet the end label is worth 20 cents this week toward these molds.

Address Jiffy-Jell, Waukesha, Wis.

Just peel off that end label which mentions the flavor, and mail it to us this week. Send all the labels you wish. See our mold offers below.

We Pay Women

Who Will Try Our Finest Jiffy-Jell Flavors

There are four flavors in Jiffy-Jell which are particularly delightful. Two are dessert flavors—Loganberry and Pineapple. One is Lime-Fruit flavor, for salads. One is Mint, for garnish jell.

This remarkable offer is made, for one week only, to induce every home to try them. We are making each 12½-cent package worth 20 cents on our pure aluminum molds.

Fruit Essences Sealed in Glass

Jiffy-Jell fruit flavors are made from the fruit itself. They are essences condensed from fruit juices. They come sealed in glass vials—a bottle in each package—so they keep their fresh-fruit taste.

The flavors are rich and abundant. We use half a pineapple to make the flavor for one Jiffy-Jell dessert. We use 65 big Loganberries to flavor another. So Jiffy-Jell desserts are real-fruit dainties. They have all the delights, all the healthfulness of fruits.

That is where Jiffy-Jell differs so vastly from the old-style gelatine dainties.

12½c Per Dinner

Jiffy-Jell comes ready-sweetened, in proper color and acidulated. You simply add boiling water, then the flavor from the vial, and let cool. One package serves six people in mold form, or 12 if you whip the jell—all for 12½ cents. Think of that for a rich, fruity dessert—less than a fruitless pudding costs. And the ten flavors give you variety.

Also Salads

Lime-fruit flavor makes tart, green salad jell. Serve with your salads or mix the salads in before cooling. Or mix in meat scraps and make a delicious meat loaf.

Mint flavor makes a garnish jell, rich in fresh-mint flavor. Serve with roast lamb or cold meats.

You Need Them

You need these real-fruit dainties at this season. Everybody needs fruit daily. Here you get it in the finest form at very little cost. Learn what it means to you.

Accept the offers we make below. It will introduce our finest flavors to you. After that, you will serve Jiffy-Jell in some form at least three times weekly. And you will know a new delight.

This Week's Mold Offers

The end labels shown at top are accepted at 20c each on these molds, if they bear the name Loganberry, Pineapple, Lime or Mint. Labels from other flavors count for 10c each.

All molds are pure aluminum. Individual Dessert Molds as pictured are valued at 10c each. They come in assorted styles. Six of them will serve a full package of Jiffy-Jell. Send labels for as many as you want.

Vegetable Salad Mold—Style D—is valued at 50c. It holds a six-portion salad—one pint—made with Lime Jiffy-Jell and vegetables mixed in. The six indentations mark our six individual servings.

Fruit Salad Mold—Style E—holds a one-pint dessert made with one package of Jiffy-Jell. The value is 50c.

Pint Dessert Mold—Style B—is heart shaped, like Style 5 at top. It serves a full package of Jiffy-Jell. Value 50c.

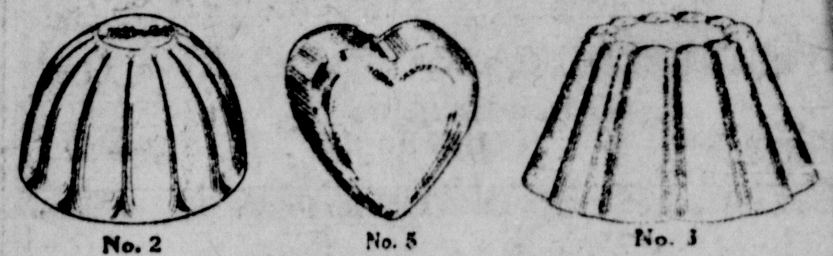

Pint Dessert Mold—Style C—is fluted, like Style 6 at top. It serves a full package. Value 50c.

State in the coupon the molds you want. Send labels as per our offer to cover the value as stated. For instance, three labels worth 20c each on this offer will bring six Individual Dessert Molds. But it takes six labels worth 10c each.

You can send labels to pay for all the molds you want. If your grocer is out of the flavors you want, you can send the labels next week. If you prefer not to send labels, send grocer's sales slip, showing amount of your Jiffy-Jell purchase and the flavors.
